Scenario A: Use The App To Identify Artwork And Find It In The AIC

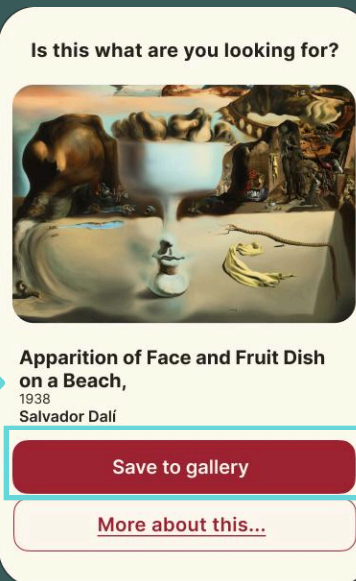

A Student Saw A Poster For A New Exhibition And Was Curious About The Artwork In The Poster

He Opened The AIC App And Took A Picture Of The Artwork In The Poster

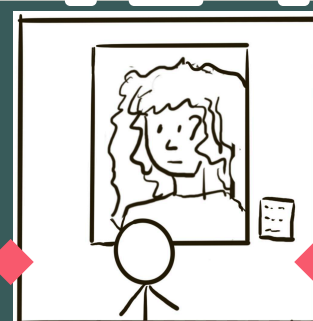

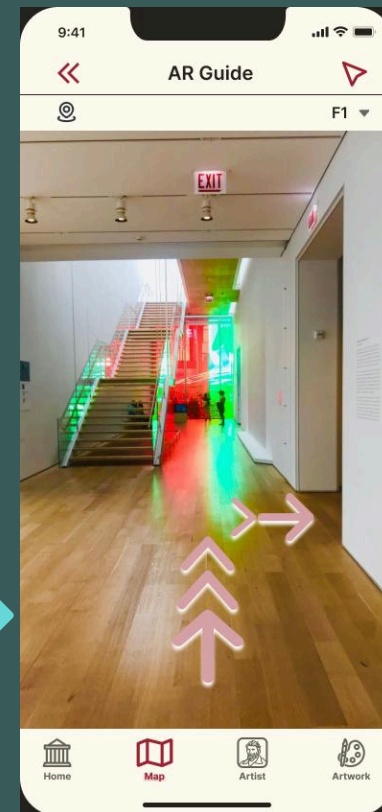

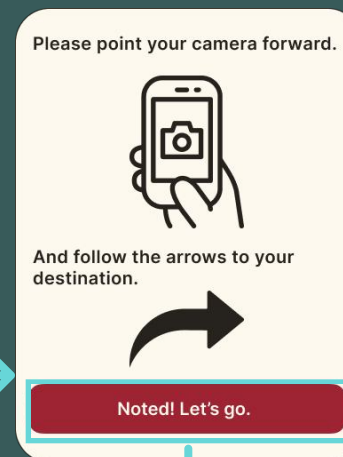

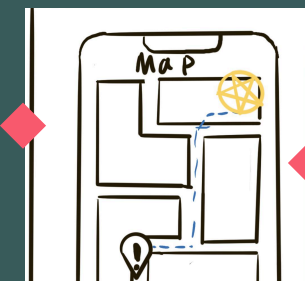

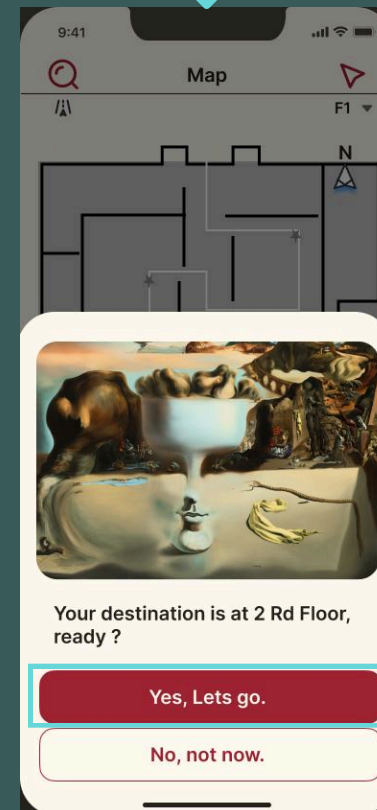

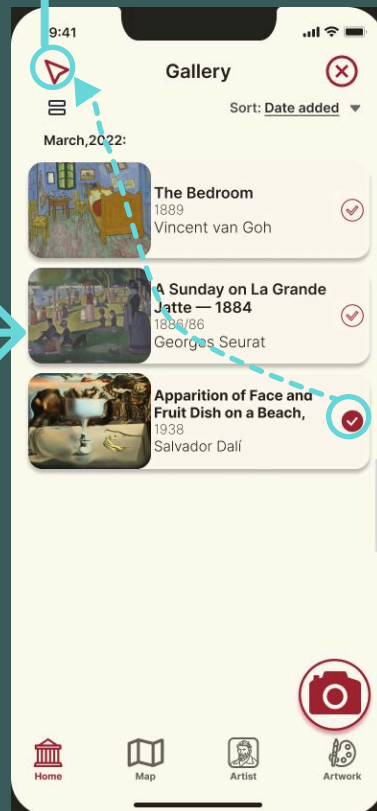

The App Recognized The Work, And He Saved It In Gallery For Later Visits.

He Arrived At The Art Institute Of Chicago.

He Opened The App To The Gallery Chose The Saved Piece And Began To Navigate

After Following The AR Map, He Was Happy To See The Work In Real Life.
